GROUNDBREAKING AT TREZEVANT MANOR

Memphis, TN -- Askew Nixon Ferguson Architects is excited to announce the groundbreaking ceremony for the new Assisted Living Center at Trezevant Manor. The ceremony will be held on Sunday, April 17th at 3:30 p.m. at 3411 Waynoka Avenue. A reception will follow at 4:00 in the Snowden Dining Room in Trezevant Manor, located at 177 North Highland.

The Assisted Living Center, designed by Askew Nixon Ferguson Architects, is the first building phase of Trezevant Manor's \$40 million dollar expansion project. The center will house 110 residents in secure and accessible living spaces. In addition, it will feature a state-of-the-art dementia care facility, resident and visitor-friendly common areas, a chapel, and underground parking for 160 cars. A common area, designed around a "Main Street" concept, will feature retail outlet storefronts for the residents. The center is designed to meet the needs of the growing elderly population in Memphis, and to address the growing need for appropriate care and facilities to serve this population in the heart of Memphis.

The design team led by Askew Nixon Ferguson Architects is incorporating LEED (Leadership in Energy and Environmental Design) principles in the design of the new building when possible. Materials with long life cycles are being used, energy is conserved wherever possible, and the underground parking maximizes the site's efficiency.

Askew Nixon Ferguson Architects has served clients worldwide since 1975. Headquartered in Memphis, TN, Askew Nixon Ferguson services clients such as FedEx, International Paper and M&M/Mars.
